Cat Meet & Greet Family Room in the Adoption Center

This room is predominantly used for potential adopters to meet adoptable cats and/or have meet and greet sessions with existing family pets and adoptable cats.

The room is located just inside our Adoption Center which welcomes thousands of potential adopters, friends and family each year. While we do not track everyone who visits, potential adopters are asked to sign in. Over the last year, an average of 200+ have signed in each month.

Your pledge of \$10,000 helps feed all of our adoptable cats for four months of the year for five years.
